AVIO0018 Use Firearms on an Aerodrome to Control Wildlife Hazards

Ballistic Training Solutions Pty Ltd	ABN: 30 156 084 481	Provider No: 41097

AVIO0018—Use firearms on an aerodrome to control wildlife hazards

This unit involves the skills and knowledge required to use firearms on an aerodrome to control wildlife hazards in compliance with relevant regulatory requirements of the Civil Aviation Safety Authority (CASA) and national operating standards.

It includes applying safety precautions in the use of firearms, and using appropriate firearms and ammunition to control wildlife hazards.
This unit addresses aviation technical skill requirements (physical, mental and task-management abilities) related to aerodrome security duties of ground operations personnel and contributes to safe and effective performance in complex aviation operational environments. Operations are conducted as part of recreational, commercial and military aircraft activities across a variety of operational contexts within the Australian aviation industry. Work is performed independently or under limited supervision as a single operator or within a team environment. Licensing, legislative, regulatory or certification requirements are applicable to this unit.

Career Opportunities

Aerodrome Wildlife Officer / Airport Operator / Aviation Ground Operations Officer

Education Pathways

AVI30119– Certificate III in Aviation (Aerodrome Operations)

Learning Outcomes

- *Identify aerodrome standard operating procedures*
